For the "Measurements" score of the specimens: The width and length will be measured, and 1 point will be withdrawn for each mm off. For the shoes with 2 diagonal length measurements, there will be 0,5 points withdrawn for each mm off. The rest of the measurements are for your information and will be calculated into the forging score.

The strikers are only allowed to brush shoes, take them in and out of the forge, try nails, hold the shoe with tongs when the competitor are forging and use the sledge directly on the shoe for levelling/stretching.
