Measuring of shoes:

For the "Measurements" score of the specimens: The width and length will be measured, and 1 point will be withdrawn for each mm off. For the shoes with 2 diagonal length measurements, there will be 0,5 points withdrawn for each mm off. The rest of the measurements are for your information and will be calculated into the forging score.

Use of striker:

A striker is allowed in all classes, besides the finals. In the classes with a foot and a specimen, the striker is not allowed on the horse to look at the trim or fit. Each competitor is responsible for finding a striker. The striker can be changed during the competition. The strikers are only allowed to brush shoes, take them in and out of the forge, try nails, hold the shoe with tongs when the competitor are forging and use the sledge directly on the shoe for levelling/stretching.

The strikers are NOT allowed to shape the shoe or forge on the shoe for the competitor.
